Dental Nurse Training

Dental Nurse Training

As of November 2011 the NEBDN together with the GDC will be implementing the NEW Certificate in Dental Nursing

Featuring Objective Structured Clinical Examinations (OSCE's)
The NEBDN have completely revised the format of the qualification in order to provide a more modern approach to the assessment of Dental Nurses

In line with this Chopra & Associates have brought their course into the 21st Century

Our NEW course includes:-

- 1 Initial Surgery Visit
- Smile-On Online Induction Package
(Induction is a GDC legal requirement for ALL Trainee Dental Nurses)
- 16 Module Smile On-Online Learning Package
(covers the NEBDN syllabus and complies with the GDC Guidelines)
- ONLY 4 Classroom Sessions to attend
(your nurses will spend minimal time away from your premises, resulting in less disruption to your working day)
- NEBDN Record Of Experience
- Instrument Identification Book
- Individual Learning Plan
- Personal Development Portfolio

What are the benefits of this new course format:-

- Programme delivered at a pace suited to learners needs
- Additional information easily accessibly on the internet and via email
- Amalgamation of 21st century class and online learning
- Encouraging students to be self directed learners
- Less time spent away from their employer
- Students study whilst earning
- Rolling programme – join the new course anytime
- Reduced course fees
- Combine Induction Package and Full Course to comply with all of the GDG and CQC Outcome 14 requirements
- Employers / mentors being more involved at each stage of their employees learning status
- NO waiting lists

FULL COURSE PRICE £695.00
COURSE PRICE DOES NOT INCLUDE ANY COSTS FOR THE
NEBDN EXAMINATIONS

This course will cover your dental nurse under the course umbrella for a period of 12 months in total from their initial application acceptance.

This course provider no longer provides any refresher courses.
